Less because persons only exist in relation and more because it is the very relational position of the individual which gives him or her their unique identity. In response to this supposed necessity of globalisation and technological change, the political left wants an interventionist state that raises taxes on the rich and the tech companies, and redistributes the revenue to the poor while also investing in more university education. The US Navy patrols worldwide waters to police the law of the seas and defend the freedom of navigation, while the US Army and the Air Force can be deployed from around bases around the globe.
