I mean, "Comunist" is not a word, people. This one is different: it looks at the efforts of ordinary Soviet citizens to go about their lives in ordinary ways under the impact of a crushing bureaucracy and a madman who altered between genocide and purge. The book focuses on the urban environment and the survival strategies of "homo Sovieticus" in conditions of constant shortage, surveillance and class warfare. Fitzpatrick presents a rather peculiar conceptualization of life in the Sov. The history of most totalitarian regimes is usually written from the top down: Hitler built concentration camps; Stalin commissioned "show trials" to get rid of his political enemies; Fidel Castro decided that the nutritional needs of hungry Cubans were best served by miniature cows that died young. Some parts were more interesting than others, I thought. Just a moment while we sign you into your Goodreads account. If
